About Us

Established in 1948

Manufacturers of Hand Tools, Digging & Striking Tools, Automobile Tools & Construction Tools Currently Exporting to North, Central & South America, Africa, and Australia

Majority of Sales to USA (We follow American Standards & our products are visible on the shelves of major US Stores)

ISO 9001 : 2015 certified by BSI, CTPAT compliance certified by BV, BSCI certified by SGS & AEO certified by Govt. Of India and ZED Gold by Govt. of India

2 Star Export House recognised by Indian customs

Overall strength of over 800 full-time employees

Why Purchase From Us?:

We meet all American Standards Rapid Action on New Product Development Consistent Quality On Time Delivery 100% Guarantee against Manufacturing Defects OEM to the World's Largest Manufacturers of Striking Tools We do Private Branding.

Have all in-House Quality Testing Facilities and laboratory.

OUR FACILITIES:

Gripwell Tools Industries – Unit I (Total Area 52,586.50 Sq. Feet)

Annual Production Capacity – 3000 Tonnes.

Gripwell Tools Industries – Unit II (Total Area 144943 Sq. feet)

Annual Production Capacity – 3095 Tonnes

Combined Annual Capacity (Unit I + Unit II) – 7200 Tonnes

OUR MACHINERY & EQUIPMENT:

- 16 Forging Hammers
- 91 Forging Presses
- 2 Tooling & Die Shops (CNC Equipped for Both Plants)
- 18 Gathering Machines
- 6 Powder Paint Plants
- 18 Induction Hardening Machines
- 9 Heat Treatment Plants
- 12 Horizontal CNC Machines
- 4 VMC Machines
- Electroplating Plant for Chrome/Nickel Plating.
- PVC/Blister Packing Plant
- Magnetic Particle / Crack Detection Testing
- 13 Injection Molding Machine
- Spectrometer Machine
- Radiation Testing for Raw Material & Finished Products (to ensure the products are not exposed to any harmful radio activity).
- Torque / Deflection Testing Machine for strength / Fatigue testing
- Salt Spray Machine for corrosion Testing
- Laser Marking Machine
- Multiple Stricking test machine
- Climate Controlled Epoxy curing Chamber
- Tensile Strength Machine
